S C H O O L

2018 Holy Family School Legacy Drive

Holy Family Parish, over the past 63 years, has worked to keep our campus and buildings in line with the vitality of our parish. Although significant progress has been made in many areas, the school building does not reflect the standards and vibrancy that distinguishes our school. We are kicking off a small capital fundraiser, the Holy Family School Legacy Drive. We currently have bids for a comprehensive renovation of the 2nd floor of the school above the cafeteria. This section of Holy Family School has not been renovated since the school opened in 1954. The focus will be on central air and heat, new ceilings, lighting, flooring and painting.

Thank you for your pledge toward this important goal.
